1066 COUNTRY

*The date is easy to remember.
The place is hard to forget.*

Where the wooded hills of the Sussex Weald stretch down and touch the sea of England’s south coast, you’ll find 1066 Country. Set deep in history, its ancient settlements nestle in a rich landscape of woods, marshes, shorelines and horizons.

Yesterday’s traditions meet today’s thriving art and music scene, while castles and forts tell timeless stories of invasion and conquest.

Despite its feeling of seclusion, 1066 Country is living proof that a breath of fresh air doesn’t need to mean a long journey. On a direct rail route from London, it’s less than 90 minutes from the big smoke, making it a perfect, easy escape.

BATTLE – UNFOLDING
ENGLAND’S STORY

Named after the most famous conflict on English soil, this compact market town grew up alongside the battleground. Its tranquil medieval abbey and the surrounding ancient woodlands are largely unchanged to this day.

Celebratory bonfires and battle re-enactments, a year-round programme of lively events, plus an annual festival of contemporary

arts and music, are all features of its enduring heritage.

Stretching out before the abbey’s crenellated walls and arched entrance, the high street is a bustling mix of independent businesses. Craft shops, gift boutiques, cosy pubs and tea-rooms jostle alongside designers representing the best in British sustainability. Leave from Charing Cross or London Bridge and you’ll be there in no time..

BEXHILL –
RETRO ON SEA

Bexhill is undoubtedly best known for the De La Warr Pavilion, a pioneering centre for the arts and feat of modernist architecture. Their programme of music, theatre, comedy and art is internationally renowned. The 1930s art deco-style building stands prominently on the seafront, above a small colonnade, with sun terraces overlooking the English Channel. Put on your best vintage outfit and conjure up those retro images of halcyon days beside the seaside.

Bexhill was first promoted as a fashionable resort at the turn of the twentieth century, with its extended

promenade offering the perfect location for the first motor car races. It was also one of the first resorts to allow men and women to swim together on the same beach. What scandal! Head to Bexhill Museum to find out more.

Today, the town continues to innovate, sympathetically mixing the old with the new. Shop for pre-loved goodies and the latest vinyl record releases. Enjoy fish and chips on the beach or laid-back fine dining. You won’t find neon attractions here but renovated beach shelters, outdoor summer concerts, day festivals and sunset cinema screenings.

HASTINGS – SALTY SEA DOG

Just a stone's throw — well, a cycle ride — from Bexhill, you'll find Hastings and St Leonards. The latter was first conceived as a luxury destination for the most prominent Victorians and is now a creative hub with a strong spirit of community and a flourishing independent scene. Arriving from St Leonards

Warrior Square train station, you'll find the thriving Kings Road before descending the hill to the seafront, where you'll catch your first glimpse of the RIBA Stirling Award-winning Hastings Pier.

The ruins of Hastings Castle overlook the town from atop the West Hill, while caverns reputedly once bestowed with the cargo of notorious smugglers are hidden

from view. Reach it by riding one of the town's two funicular railways. The other scales the East Hill to reach Hastings Country Park Nature Reserve. Set within an Area of Outstanding Natural Beauty, it covers 600 hectares of gorse-covered heathlands, grassland and ancient gill woodland, with stunning views of the prehistoric coastline. It's one of three Green Flag Award-winning parks in the town, the others being the spectacular Alexandra Park and the Regency-style St Leonards Gardens.

Nestled between the East and West Hills, the Old Town of Hastings is picture perfect. Tudor houses and flower-bedecked cottages are joined by independent shops, pubs and boutique B&Bs. Sit outside on the bustling George Street and watch the world go by. Tour the hard-working fishing quarter with its towering black net huts and fleet of beached boats that make it instantly recognisable. While away the time at the Shipwreck Museum,

Fishermen's Museum, Hastings Aquarium and the purpose-built art gallery, Hastings Contemporary.

Along the seafront, you'll find the usual amusements we all love, and those that have placed Hastings on the international stage. Hastings Adventure Golf hosts the World Crazy Golf Championships each year and Source Park, towards the pier, is the world's largest underground skatepark. A short walk inland, Hastings Museum and Art Gallery inspires with its global collections.

The town is also well known for its eccentric characters and its residents need little excuse for a party. Festivals are hosted throughout the year and include Hastings Fat Tuesday in February, well-revered by music lovers, and the traditional Jack in the Green Festival, where the entire town turns out to release the 'spirit of summer'. Need we say more!

PEVENSEY AND HERSTMONCEUX – CASTLES AND STARS

The bay at Pevensey is where the Norman forces landed, while a mile inland a Roman coastal fort, Pevensey Castle, stands proud. Today the village is an eclectic seaside stronghold, one face hugging the shoreline, the other overlooking a hinterland of levels. This piece of Saxon frontier land has its own original story to tell and a wild side for every season.

Tucked away a few miles inland from Pevensey, further along the 1066 Country Walk, Herstmonceux is a village with many claims to fame – moated castle, former Royal Observatory, science centre and home of the Sussex trug. With its telescope domes, windmill and castle turrets, it sits modestly between Wealden hills and marshland, its eyes on the skies and its feet on the ground.

RYE – STYLISH COBBLED CITADEL

A medieval citadel with an impressive harbour, Rye reveals its history gently. Today its preserved Tudor and Georgian buildings are home to a myriad of art galleries, quirky attractions and cosy pubs, as well as modern boutique hotels and contemporary restaurants, serving the best Sussex has to offer from land and sea.

Walk around the charming-cobbled streets, including the famous Mermaid Street, where each alleyway holds smuggled secrets and timeless tales. The town is known for its antique shops, delicatessens and its traditional Sussex pottery.

Reach to the tip of the estuary and you'll find Rye Harbour Nature Reserve with its new Discovery Centre. Accessible coastal paths follow the shingle shore and encompass the

saltmarsh and wetlands. Home to over 4,000 species of plants and animals, look out from the bird hides to see what you can discover within this mosaic of habitats.

HIDDEN GEMS OF 1066 COUNTRY

Bodiam

Bodiam's fame rests on its storybook moated castle. Reach it by steam train or river cruise, by kayak or on foot. Combine visits to nearby gardens and organic vineyards with award-winning glamping or camping experiences.

Photography by Osnyua

Camber

Backed by dunes and beach houses, Camber spreads its broad sands far out to sea, inviting in the height of summer, invigorating in the depths of winter. Join the kite and windsurfers, hire an ebike, or simply build sandcastles, jump the dunes and breath it all in.

Photography by Jonny Thompson

Winchelsea

Get lost in Winchelsea, England's smallest town, where the streets have no names. This ancient town of the Cinque Ports, set high on its Sussex hill, is built on a grid system with hidden medieval wine cellars beneath. You'll be surprised who you come across.

Itinerary Planner

Explore our rich culture

Rich in seaside eccentricity, wander the beach cradling your vinegar-steaming fish and chips, the fresh air on your face and the salt in your hair. Relax on the De La Warr's terrace, gulls crying overhead, the light dazzling the water. Take a soothing sea dip, just keep an eye out for the occasional playful seal. Kayak and paddleboard along the River Rother, harness the wind kitebugging the sands at Camber, or learn to sail at Rye.

Head inland and find a cosy country pub to sip a refreshing pint of craft beer in the sun, or by the warm, open fire in winter. Stroll through spectacular gardens in bloom, explore by bicycle, watch for wildlife across the marshland. Soak up the history at our many ruined strongholds. March past the sculptures of the 1066 Country Walk, where Pevensie,

Herstmonceux, Battle, Winchelsea and Rye connect.

Take in a vineyard tour, savouring the flinty sparkles and fruity aromas of the very land beneath your boots. Enjoy a plate of the plumpest Rye Bay scallops or a dish of salty Romney Marsh lamb. Select the freshest local produce from our farm shops and pick-your-owns. We eat and drink well here. It's our chefs and shopkeepers, our farmers and fishers our winemakers and bakers who make the difference.

Satisfy your curiosity in our museums, reveal stories of travellers, shipwrecks and ancient settlers. Literary legends abound here, think Rudyard Kipling and Henry James. Immerse yourself in modern and contemporary art of international repute. Find your own treasure in the off-beat shops along the winding cobbled streets of Rye, the bustling high street of Battle, the twittens of

Hastings Old Town and Bexhill's vintage emporiums.

Visit Herstmonceux to discover the wonders of the night sky. Camp under a canopy of stars to surround yourself in nature. Choose between shepherd huts, teepees, treehouses, even a hobbit house, to make sure your stay is truly one to remember.

Most of all, take your time. Here we value the original.

Vineyard Trail

Sussex vineyards are top of the major players on the English wine scene, and rightly so, with small producers focusing on quality wines. Here in 1066 Country we're spoilt for choice. Head to the countryside to tour the vineyards, tasting creamy sparklers and flinty whites born of the very land you're standing on. Our map shows you the pick of the bunch where you can take a tour and tasting experience. Or why not allow someone else to do the driving for you and join a day of vineyard visits with lunch among the vines?

For information about the vineyards and tours, turn to pages 26 and 27.

1066 Country Walk

The 31-mile 1066 Country Walk leads you gently through a landscape that witnessed the Battle of Hastings and whose castles and culture bear testimony to the Norman conquest. Starting at the landing place of William of Normandy near Pevensey Castle, it passes Herstmonceux Castle, the historic 1066 Battle Abbey and Battlefield, medieval Winchelsea and ends in the picturesque citadel of Rye.

The High Weald Area of Outstanding Natural Beauty surrounds you, a typical medieval landscape of rolling hills, valleys and vineyards, with cosy pubs and cafés along the way. Ten sculptures on the route are inspired by the Bayeux Tapestry and there are places for you to spend the night and wake fortified for the next few miles!

Use OS Explorer map 124 and find out more about the walk here:

Ten sculptures inspired by the Bayeux Tapestry are yours to discover as you walk the route. See our website for the full set of sculptures, map references and locations.
